The Loyal Temperance Legion meeting was rather poorly attended yesterday evening, probably on account of the inclemency of the weather. Seven young ladies were dressed up as dolls, prizes being offered to the ones guessing the names of the ladies. Mrs. Ferguson and Gillie Pike were the lucky ones.

Fire Boys Quick Work.

The fire drill yesterday was some of the quickest and best work we ever saw.

A false alarm was sounded at 11 o'clock, when the three companies started for the scene of action which was a frame shed in front of McCarthy's store. All of the companies did well and the interval between the time the different companies had a stream of water on the house was very short. Marion Hose Company No. 1 was a few feet in advance, so got the hydrant first. The company following, passed right on, turned the corner and in a few seconds had a stream playing on the house from the opposite side, while the third connected to the hydrant by Carmichael's saloon. It was a very few minutes from the time the bell sounded until the boys had water on the house.

Our fire department is a credit to the town, being about the best drilled and equipped department in the state. The men never get excited but always know just what to do, when to do it, and no matter how great the danger or how exciting the fire, every man is to be found in his place and discharging his duty to the full extent of his ability.

Ben Ackerman of the Arentz Phosphate company, of Newberry, was in town yesterday, and in conversation with a STAR man said phosphate was lower than ever before, and that without a rise soon they would be compelled to stop mining it, as it would not pay at its present price, which is \$3.50 per ton.
